

RISK MANAGEMENT SUMMIT

SESSIONS PROSPECTUS

BEYOND LIMITS

SEPTEMBER 22 – SEPTEMBER 25
THE FONTAINEBLEAU, LAS VEGAS

ABOUT

This year's Risk Summit theme, "Beyond Limits", will focus on providing solutions to control your destiny in risk management, technology, claims, litigation management, and variable cost captive insurance solutions. The Risk Management Summit will host the Annual Board of Directors and Member Meetings for the eCaptiv programs.

eMaxx Assurance Group of Companies, Inc. pioneered its Annual Risk Summit years ago and has held it each year since. In 2018, eMaxx expanded to provide alternative risk solutions to its customer base of small and middle-market companies.

"THE BEST IS YET TO COME"

FRANK SINATRA

SUNDAY, SEPTEMBER 22

ECAPTIV NEW MEMBER ORIENTATION

An orientation on the eCaptiv programs including risk management, claims and governance for new Members of any Member interested in a refresher.

BROKER FORUM

eMaxx will provide a current state of the union of the insurance market and eMaxx. The meeting is by invitation only and geared towards brokers and agents.

MONDAY, SEPTEMBER 23

BEYOND LIMITS

The opening session focused on providing takeaways that will be addressed throughout the 2024 Risk Management Summit.

MONGOOSE VERSUS REPTILE

This session will present an expert discussion on the latest Reptile Theory tactics used by Plaintiffs to inflame Juries and will highlight the latest eMaxx loss prevention and safety program initiatives to defend against these using Mongoose Risk Management techniques.

REINSURANCE 101

Reinsurance is a critical part of the variable cost captive insurance landscape. Reinsurance capacity is needed to write certain risks and maintain a level of stability. This session will provide an overview of the reinsurance landscape and trends that are impacting the industry today.

NAVIGATING WITH RISK MANAGEMENT TECHNOLOGY

Risk management technology providers will address combatting distracted driving through risk management and vehicle technology.

TUESDAY, SEPTEMBER 24

CLAIMS AND RISK MANAGEMENT MEMBER WHO WANTS TO BE A MILLIONAIRE

It's time for a new game show format of Member Who Wants to Be a Millionaire. eCaptiv Members willing to participate will be tested in a series of questions and answers.

POST-ACCIDENT DOCUMENTATION AND EVIDENCE PRESERVATION

This session will focus on the information gathering stage of the accident investigation discussing required information needed for involved vehicles, owners and operators as well as effective documentation and evidence preservation protocols.

POST-ACCIDENT DRIVER ACTIONS

This session will focus on what to do when drivers receive a citation, drug and alcohol testing, and driver and witness statements.

BENEFITS OF WORKERS COMPENSATION LITIGATION MANAGEMENT AND OVERSIGHT

A review of the Workers Compensation Litigation Management and Oversight program within eMaxx and why this is a better approach.

CLAIMS SETTLEMENT: COST BENEFIT ANALYSIS

A discussion of the costs and benefits analysis for claims settlement – what to do to limit exposure, mitigating costly expenses and prolonged resolutions.

ELEVATING THE FIGHT AGAINST FRAUD

This session will highlight efforts by Members and defense counsel to expose fraud and abuse in claims involving the provision of medical services.

SUBCONTRACTORS AND OWNER OPERATORS: THE DEVIL IS IN THE DETAILS

The session will highlight the importance of contractual risk transfer, indemnification, and contracting considerations.

IMPORTANCE OF DOT MOCK REVIEWS

DOT Mock Reviews provide a snapshot of a company's current safety, compliance, and risk exposures. The importance of a DOT Mock Reviews will be discussed addressing what to expect during the review and typical findings discovered during the process.

DISTRACTED DRIVING POLICY AND SAFETY MANUAL

Does your safety program include a distracted driving policy with progressive discipline that matches today's challenges? eCaptiv Members will discuss policies and the importance of including distracted driving as part of a comprehensive safety program.

EFFECTIVE SAFETY COMMITTEES

Safety Committees are extremely helpful in making sure an effective safety culture is developed and maintained. The session will review the makeup role and responsibility that an effective safety committee should have.

PREPARING FOR AN OSHA INSPECTION

A discussion of the reasons and preparation for an OSHA visit, what to do when OSHA is on site and follow-up after the visit.

DRIVER REWARD PROGRAM SANDBOX

eCaptiv Members will provide perspective on the implementation of coaching and incentive programs to impact distracted driving and speeding.

INWARD FACING CAMERAS PERSPECTIVES

The session will focus on the debate of Inward Facing Dash Cameras that acts as a risk management engine to impact distracted driving and behaviors.

MAINTAINING DRIVER QUALIFICATION FILES

Driver Qualification files are a requirement that must be updated during the life of the driver's employment. Maintaining and updating drivers qualification file will be discussed to ensure compliance.
